Mr. Francis Shaw,
Wayland,
Massachusetts.

Dear Mr. Shaw:

The Trustees of the Wayland Public Library have heard that you have recently been confined to the house. We, the Board of Trustees, feel that we have the right as representatives of all usersof the Library, to express to you the sympathy and hopes of all those users for a speedy return to the best of health. Many of those users have some knowledge of the extent to which their pleasure in the use of the Library is the result of the care and attention you have given to the choice of books for the Library. We, the Trustees, know that we cannot begin to express inwords our realization of the obligation which the Library has owed to you over the many years when officially, and unofficially, you have been making this Library what it is. We should have been glad at any time of an opportunity to let you know how we feel, and also to let you know that we have had other users of the Library outside the Trustees indicate that they would like to feel that the Board on their behalf is doing something to convey its sympathy to you in your illness and is passing on to you their hopes that your health will soon be unimpared.

Sincerely yours,

The Trustees met at the Library at 8 P.M. Present Messrs Hadley, Cutting, Knapp & Martin
Voted that Mr Cutting be requested to prepare proper resolutions in memory of the passing of Mr Shaw, and to present them at the next meeting.
Adjourned James R. Martin Clerk.

The Trustees of the Wayland Free Public Library would express their sense of the irreparable loss the Library has sustained in the death of Mr. Francis Shaw on February 9, 1935. While active in all the best interests and general welfare of the town, and ready to further any commendable cause, his chief interest centred in the Town Library. Here his love of books found a congenial field of activity. A Trustee for twenty-four years, he was a leading spirit in the Library's developement, and eager to enhance its value and usefulness in every way. This interest was not confined to the Library's literary functions, but extended to practical care and beautifying of its physical features. No detail was too trivial or sordid to escape his attention, and our beautiful library building from cellar to roof exhibits results of his care and munificence.

In addition to his activities as Trustee, during its full period he filled the office of Treasurer of the Library Funds, with its exacting duties, entailing many calls upon his time and patience.

This interest never failed during his life. After ceasing to hold the office of Trustee he continued until his death, to select and purchase the books as agent of the Book Purchasing Committee, and to hold himself ready to aid in any way, the Library's well-being.

A liberal bequest to the Library by Mr. Shaw will continue these benefactions indefinately, and the fund to bear his name will be a perpetual reminder of his interest, assiduity and public spirit.

At a meeting of the Trustees of the Library held March 13, 1935, it was Voted

"That the foregoing appreciation of the late Francis Shaw as reported by Committee, be made a part of the Records of the Library, and that a copy be sent to his family."
